

## Ethical Values

### **Ethical Values...**

...play an major role in our company.

A climate of **tolerance** and mutual **respect**...

...permeates all respects of our working life.

**Frankness** and **integrity** at all levels...

...the interplay within our employees of various generations, cultures and backgrounds are a testimony of this.

### **10 ground rules...**

...remind us daily of our basic principles.

### **Training course...**

...passes know-how on from each departement to the individual.

### **Internal communication...**

...We value internal communication highly in our company and it is a pillar of our succes.
